SUMMARY

Being a QA Engineer most of all I enjoy helping others to solve their issues and learning new technologies and tools. I have a strong conscious desire for development in testing and quality assurance. Able to work effectively both in a team and individually. So currently, I'm looking for a family-like environment where I can show off cross-cultural, communication and language skills.

Skills:

- Experience of working with some technologies and tools: SQL (create, delete, drop, insert into, select, where, group by, join), Postman (API testing (auto tests collection)), Android Studio (launching app, building apk, logging), Apache JMeter (performance testing basics), Chrome DevTools (elements, console, network), Git Bash (command line), Git Version Control System, Atlassian Jira (bug reporting);
- Good knowledge of software testing theory;
- Analyzing requirements;
- Writing test documentation (checklists, test cases, bug reports, test result reports);
- Test design techniques (Boundary Value Analysis, Equivalence Partitioning, Pairwise Testing)
- Client-server architecture;
- Mobile app testing specifics (Android);
- Understanding of SDLC methodology: Agile (Scrum, Kanban);
- Attention to detail;
- Business correspondence;
- Collecting and analyzing data;
- Organization skills;
- Problem-solving skills;
- Quick learner;
- Time management;

Trainings and certificates:

Software Testing course by **Vadim Ksendzov** (Banuba) - in progress;

Technical Support Fundamentals on **coursera.org** - July 2020);

Software Testing Introduction training by **EPAM Systems** - 2019;

Manual Software Testing course by **Innovative Knowledge LLC** (<https://myit.by/>) - 2019;

Languages:

Belarusian, Russian – native

English – B1+

Turkish – A2

Spanish – A2 (Certificate No. 116 issued by Brest State University named after A.S. Pushkin dated 27 May 2016)

WORK EXPERIENCE

2010 – 2019 - English and Turkish Interpreter, **Dialect Ltd.**

- Translation of various types of documents (working languages: Belarusian, Russian, English, Turkish);
- Proofreading and mistakes correction;
- Consecutive interpretation;
- Everyday interaction with customers and managers;

EDUCATION

Cross-cultural and communication specialist, English and Turkish interpreter, **MSLU** (2004-2009)

Travel organization manager, **Institute of Continuing Education of BSU** (2010-2012)
